PCIBank
The most pluh bank.

March 9, 2026

Elysia Crynn C. Pantalone
Department of Commerce
Treasury Building, Reveille City
Commonwealth of Redmont

Dear Secretary Pantalone,

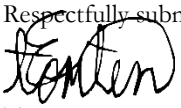

I am writing to you today in my capacity as the Chief Executive Officer of our organization to formally request a modification to one of our registered firms, **PCI-ATM**. Specifically, we request that the Department of Commerce remove tax-exempt status that it granted to our corporation a few months ago.

This decision follows a strategic review of our long-term corporate trajectory. We have determined that participating in the retail Banknote sector—at its current state and reputation—no longer aligns with our evolving financial objectives or our projected growth targets in the near future.

As we pivot our focus toward new commercial priorities, we remain committed to full regulatory compliance. Our corporation is prepared to cooperate extensively with the Department to facilitate this transition smoothly and without delays. Please let us know if there are specific filings or administrative protocols required to ensure this process is completed with the utmost efficiency.

We appreciate your time and assistance in updating the status of our financial institution.

Respectfully submitted,

Torten Kiritsugu
Chief Executive Officer
