Shareholder Agreement

Redmont Systems Corporation

1. Parties and Effective Date

This Shareholder Agreement is entered into as of June 21, 2026 by and among Redmont Systems Corporation, KeyChunky321 as founder and initial shareholder, and each additional person who becomes a shareholder by acceptance, purchase, transfer, crowdfunding allocation, or registration in the share register.

2. Capitalization

The Corporation has authorized 1,000 common shares with a par value of $1.00 per share.

The effective price might be higher and shall be calculated from the Crowdfounding amount.

Initial allocation: 900 common shares to the Founder and 100 common shares reserved for the Crowdfunding Share Pool.

No additional shares may be issued unless approved by the Board of Directors and, where required, by shareholder resolution.

3. Voting Rights

Each common share entitles the holder to one vote on shareholder matters.

Unless otherwise required by law, this Certificate, or this Agreement, ordinary shareholder decisions require a majority of votes cast by the outstanding shares entitled to vote.

A quorum exists when shareholders representing at least 50% of the voting power are present, participating, or have submitted a valid vote.

4. Board and Officers

The initial Director is KeyChunky321. The initial President / Chief Executive Officer is KeyChunky321.

The Board may appoint or remove officers, approve budgets, authorize contracts, approve product strategy, set pricing, approve software releases, manage corporate assets, and take ordinary business decisions.

Directors and officers shall act in good faith and in the best interests of the Corporation and its shareholders.

5. Dividends and Profits

Dividends may be declared only by the Board of Directors when the Board determines that the Corporation has sufficient retained funds and that payment would not impair operations, obligations, product development, or solvency.

If dividends are declared, they shall be distributed pro rata according to share ownership unless a future authorized share class provides otherwise.

6. Crowdfunding Share Pool

The Corporation reserves 100 common shares, equal to 10% of the initial capitalization, for contributors to the Redmont Systems Corporation crowdfunding campaign.

The target crowdfunding amount is $ 10,000.

Crowdfunding shares shall be allocated proportionally to accepted contributions based on the formula in the Crowdfunding Terms / Share Allocation Terms.

Crowdfunding participants become shareholders only after their contribution is accepted, their share amount is calculated, and their ownership is recorded in the share register / Company Docket as applicable.

7. Transfer Restrictions

No shareholder may transfer, sell, assign, pledge, or otherwise dispose of shares unless the proposed transfer is first recorded with the Corporation.

The Corporation and existing shareholders shall have a right of first refusal to purchase shares proposed for transfer on the same terms offered by a third party, unless waived by the Board.

Any transfer not recorded in the share register shall not be recognized by the Corporation for voting, dividend, or ownership purposes.

8. Share Register and Company Docket

The Corporation shall maintain an accurate share register showing each shareholder, number of shares, percentage ownership, date of issuance or transfer, and contact details where available.

Material changes to share ownership, directors, officers, and governing documents should be recorded in the Company Docket or other official corporate record as required.

9. Information Rights

Shareholders may request reasonable information about their own share ownership and material corporate actions affecting shareholder rights.

The Corporation may protect confidential technical, commercial, customer, source code, API, security, and trade secret information.

10. Reserved Matters

The following matters require approval by the Board and, where applicable, shareholder approval: issuance of additional shares, amendment of this Agreement, amendment of the Certificate of Incorporation, dissolution, merger, sale of substantially all assets, creation of new share classes, or material changes to shareholder rights.

11. Inactivity Buyback

If a shareholder becomes inactive or unreachable for a substantial period, the Corporation may buy back that shareholder's shares if permitted by applicable law and after reasonable notice.

Unless otherwise agreed, the buyback price for inactivity shall be the greater of par value or a price approved by the Board as fair under the circumstances.

Notice should be sent through known Discord, forum, and in-game contact methods where available.

12. Confidentiality

Shareholders receiving non-public business, technical, financial, API, customer, or product information shall keep that information confidential unless disclosure is authorized by the Corporation or required by law.

13. Dispute Resolution

Disputes concerning this Agreement, share ownership, corporate authority, or shareholder rights shall first be addressed internally in good faith. If unresolved, disputes may be brought before the appropriate DemocracyCraft court or authority with jurisdiction.

14. Amendment

This Agreement may be amended by approval of shareholders holding a majority of outstanding voting shares, unless a higher threshold is required by the Certificate of Incorporation, this Agreement, or applicable law.
